# HYBRID PEONIES

A. P. SAUNDERS

Clinton  
New York

Supplement  
for 1943

# New Peonies for 1943

## **Albiflora x officinalis**

**Bordeaux.** (albiflora x Sabini). Large claret colored single. Large center of yellow stamens and petaloids, some edged crimson. Very effective and showy of its color. Flowers held well above foliage.

(Please note that the name Gladiator in the Albiflora x officinalis group is to be changed to Tantrums.)

## **Albiflora x Otto Froebel**

**Lotus Bloom.** Superb enormous flat semi-double light pink flower of quite extraordinary substance. Tall. First quality.

## **Albiflora x lobata**

**Bravura.** Shining light crimson with white flares on outside of petals. Charmingly crinkled and of fine form. Brilliant and effective.

**Fortune.** Rounded goblet of bright rose with strong white flares outside and coral pink warmth inside. A beauty.

**Great Lady.** Single or slightly semi-double very large loftily held widely expanded blooms of China pink. Fine garden plant.

**Montezuma.** Scarlet crimson goblet with two rows of rounded petals. Fine shining color. Large heavy stems and foliage. Tall. 4 ft.

**Olivia Saunders.** Tall single goblet held high. Light cherry becoming a lovely light pink. A very elegant plant.

**Red Cockade.** Bright clear crimson. Very tall. Flowers of heavy substance. Petals frilled and crinkled like a big fringed tulip. Gay and effective.

**Rose Diamond.** Tall upraised cup of clear salmon rose. Single. Petals folded in a pointed fashion which gives great style to the flower. Late, for this race.

**Rose Garland.** China pink single cup. On the reverse, conspicuous white flares streaked pink. Rather dwarf. A delightful little plant.

**Rosy Cheek.** Upright. Slightly semi-double. Very special color; deep rose, deepest at base of petals, growing light towards the tips. Very distinct.

## **Varieties of uncertain parentage**

**Horizon.** Very large flesh-colored single with enormous center of golden stamens. Very tall. Outstanding.

**Patriot.** Bright crimson goblet held high. Fine pure color. About 4 ft. Very vigorous plant.

Price on all of these \$5.00 a root.

The following varieties in the body of the catalogue are not for sale in 1943:

**Second Generation Hybrids**

Garden Peace

**Albiflora x officinalis**

Col. Steichen
